

Help Others Learn The Power Of Forgiveness

Forgive to Live Leader's Guide

Anger kills. Bitterness destroys. Every day a host of ailments plague us ranging from depression, and stress, to broken relationships and heart disease – yet victims often never know what hit them, or how those things are related. In his groundbreaking work on forgiveness, Dr. Dick Tibbits draws on his personal experience as a pastor, counselor, and chief people officer at the largest admitting hospital in the country to give compelling solutions from the three unique perspectives: counseling, medicine, and faith. It's a life-changing message that can transform your life personally, relationally and professionally.
